A MESSAGE FROM OUR LEADER ■

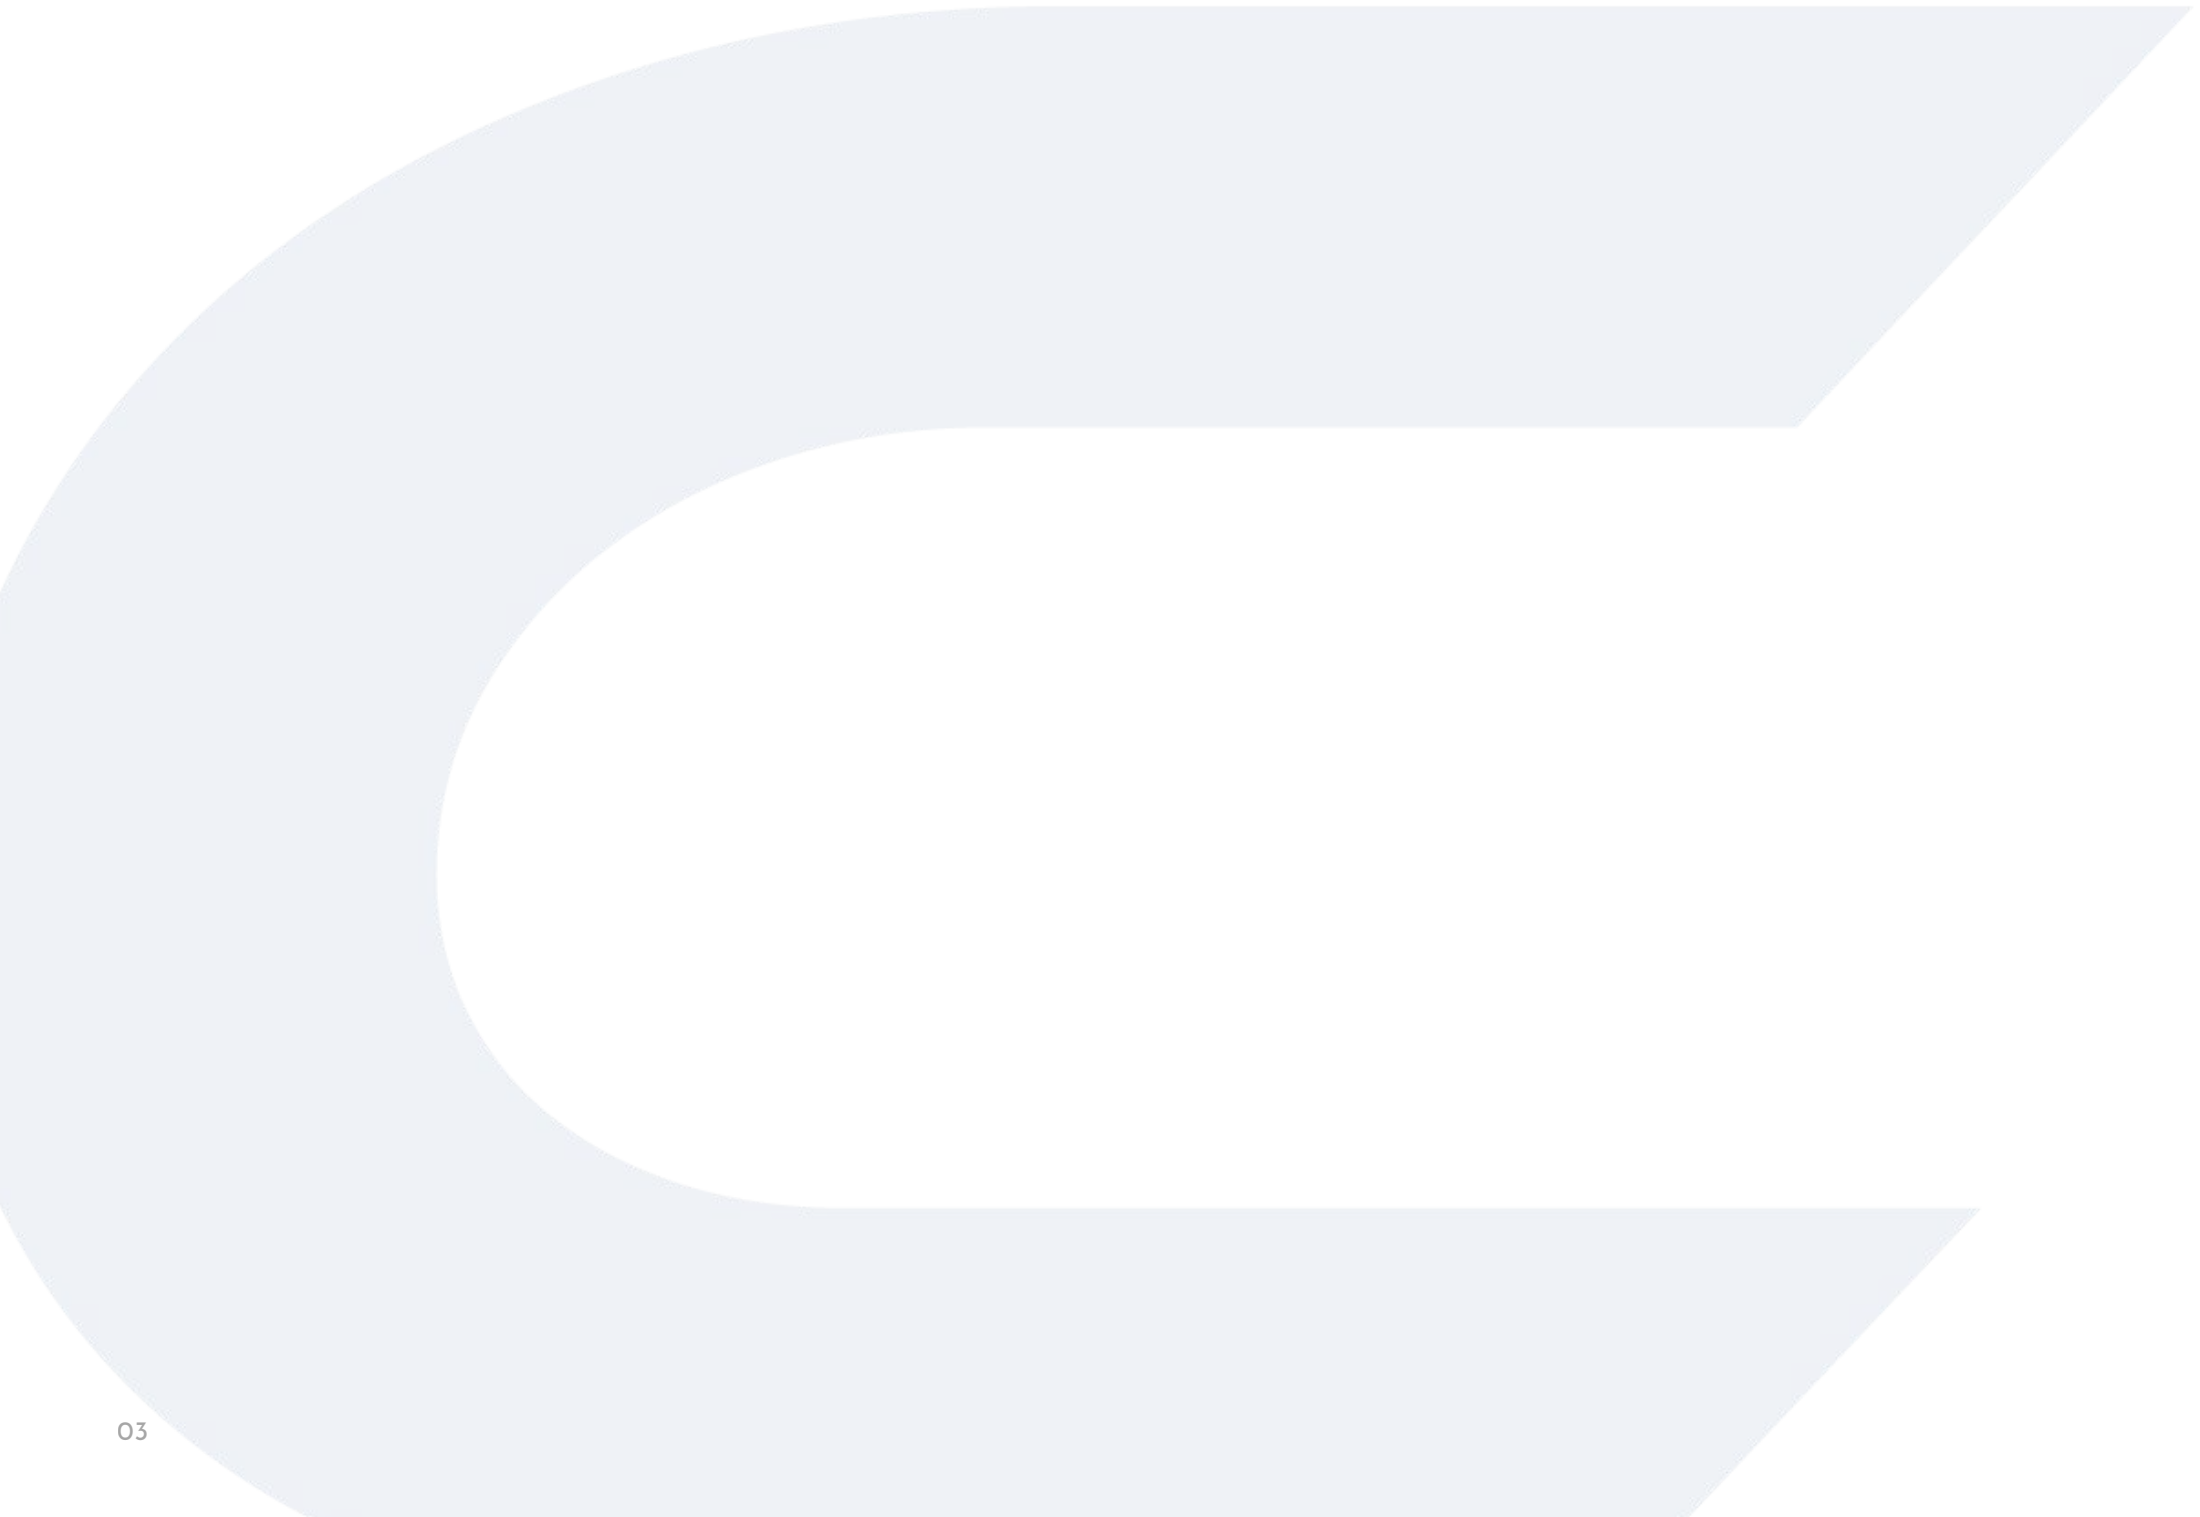

Throughout our journey of growth, CBC has evolved beyond a conventional General Contractor to become a strategic partner providing optimal solutions that mitigate risks and create long-term value. We maintain a selective growth strategy, focusing exclusively on the industrial sector and the specialized needs of FDI enterprises.

With a lean, expert workforce and a culture of continuous improvement, CBC is firmly committed to consolidating our position as a leading General Contractor in Vietnam and the region.

MR. DO VAN CUONG
Operation Director

OUR PEOPLE

■ **Mr. Tran Le Quoc Thai**
General Director

“ Our greatest achievement is not the structures we build, but the people we grow and the future we shape together.

■ **Mr. Do Van Cuong**
Operation Director

“ What we commit, we deliver – with discipline in every step and accountability in every result.

■ **Mr. Nguyen Thanh Danh**
Cambodia Branch Director

“ We build more than projects in new markets - we build trust, relationships, and lasting impact.

■ **Mr. Tang Ngoc Minh**
Hanoi Branch Director

“ Success doesn't come from what you do occasionally, it comes from what you do consistently.

■ **Mr. Mark Edmonds**
Technical Construction Director

“ 38 years project management experience in constructing industrial and process facilities worldwide - delivering commitments to our clients for Safety, Quality, Schedule & Cost.

■ **Mr. Mo Dang Phuc**
Business Development Director

“ We don't just pursue growth – we build sustainable value through every partnership

■ **Mr. Huynh Thanh Lam**
Headquarter Project Manager

“ Every successful project begins long before construction starts—it begins with trust, understanding, and a shared vision.

■ **Mr. Le Ton Bao**
Project Director

“ We don't just deliver projects – we inspire people to believe in what we build, and in what we can achieve together.

■ **Mr. Nguyen Huynh Thanh**
Project Director

“ A project succeeds when every team member feels ownership, pride, and purpose in what they do.

■ **Mr. Nguyen Le Duy Phung**
MEPF Director

“ What you don't see is what makes everything work and we take pride in getting it right from the inside out.

■ **Mr. Nguyen Duc Vu**
Deputy Cambodia Branch Director

“ We build to global standards, becoming your most reliable and effective partner – delivering lasting value in every project.

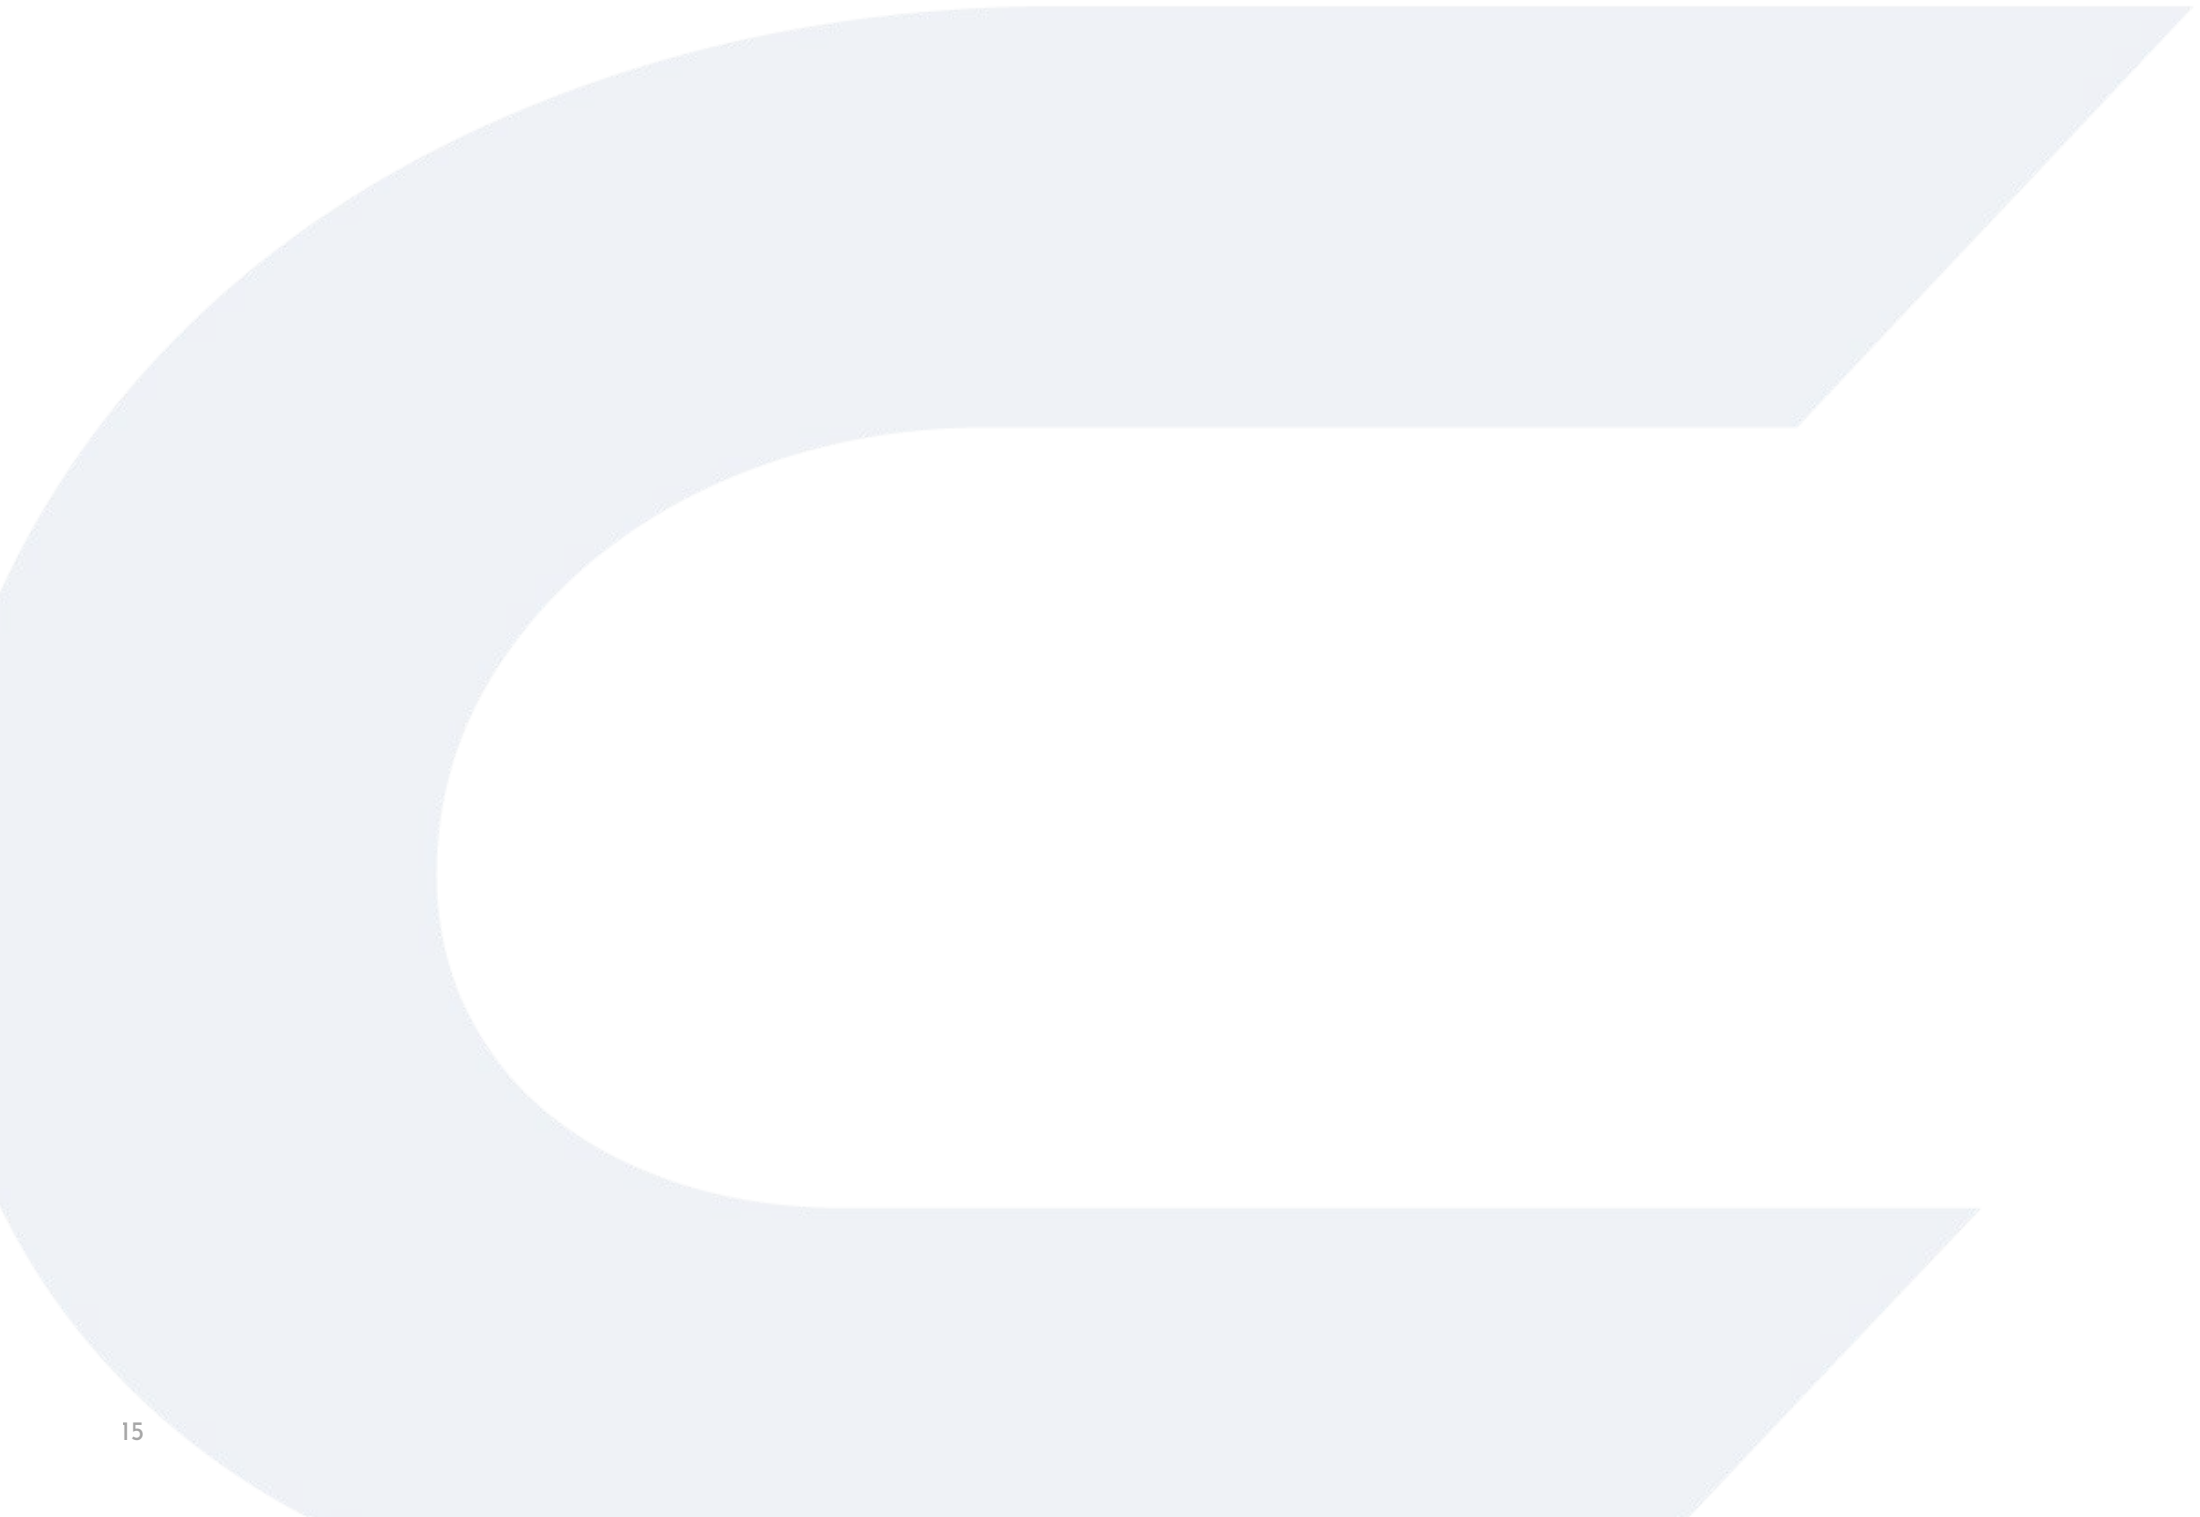

■ **Mr. Vo Thien Thuat**
Project Director

“ On every site, what we leave behind is not just a structure – but a standard we stand by.

■ **Mr. Doan Hoai Linh**
Cambodia Office Project Manager

“ International project management is not just about constructing buildings; it's about building bridges between cultures, where mutual understanding becomes the strongest blueprint for success.

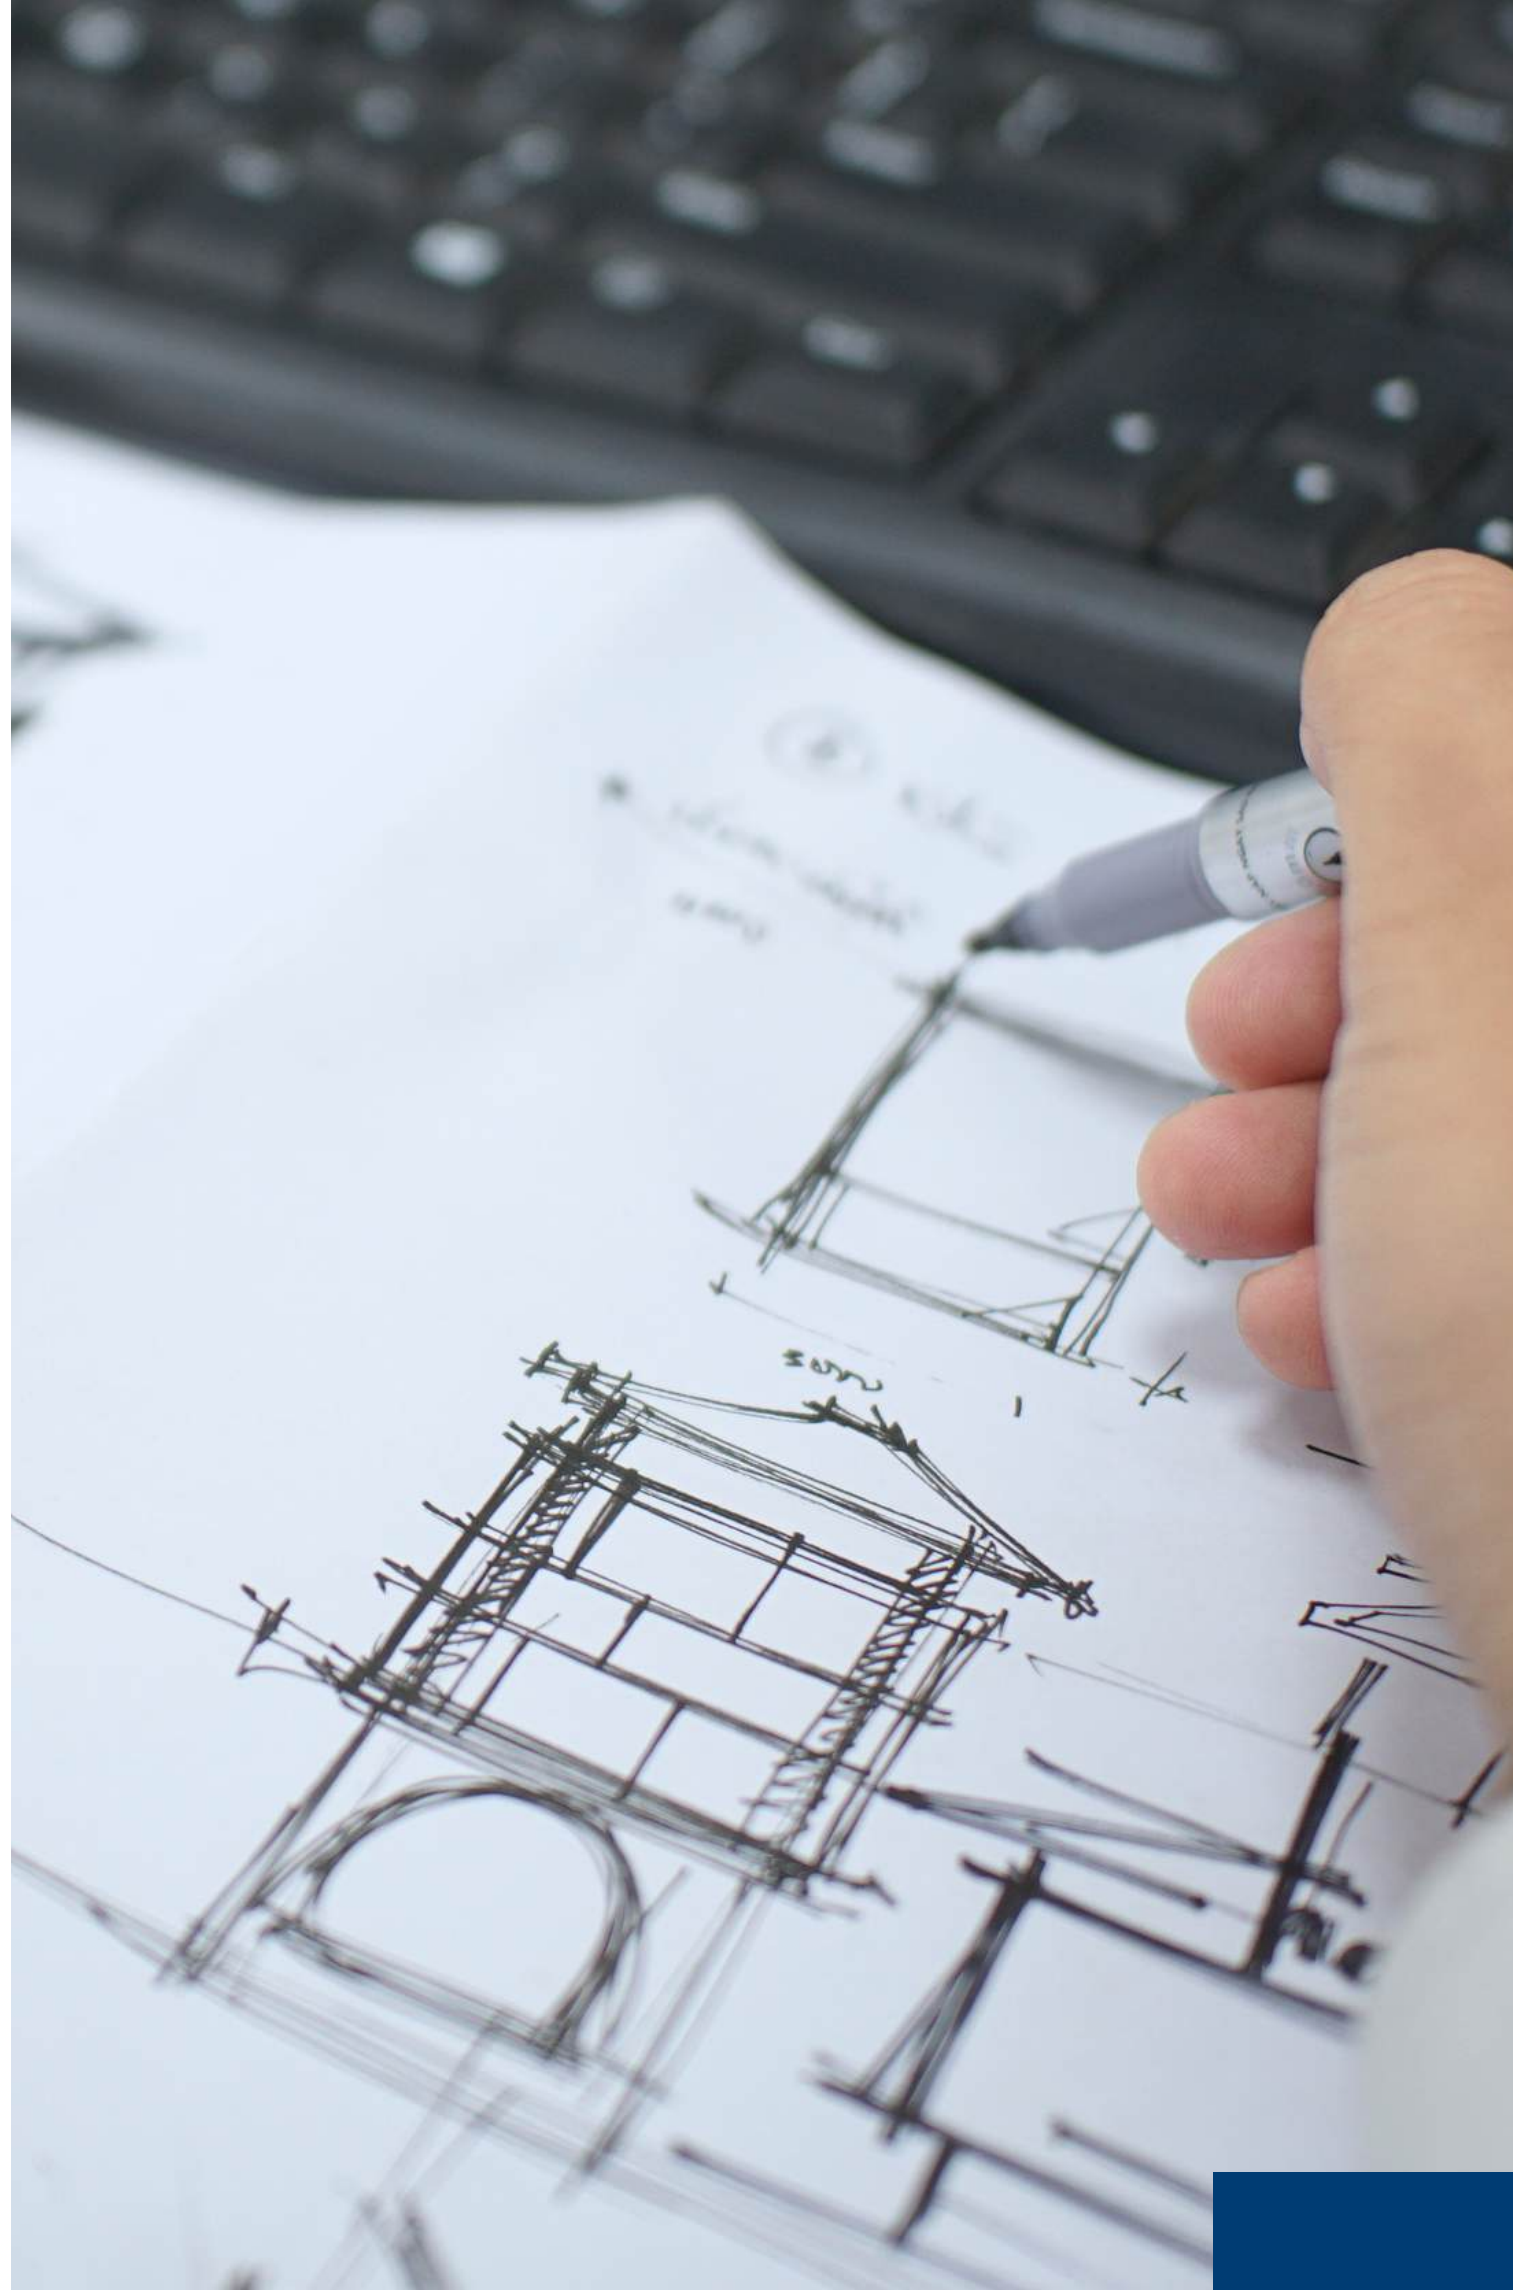

Business Field

Design and Build
General Contractor
MEPF Contractor

Integrated solutions from
concept to completion

01. Seamless Project Delivery

CBC delivers comprehensive Design & Build solutions that integrate design, engineering, and construction into a unified process. By fostering close collaboration among project stakeholders, we ensure efficient decision-making and optimized project outcomes.

02. Efficiency and Cost Control

CBC delivers comprehensive Design & Build solutions that integrate design, engineering, and construction into a unified process. By fostering close collaboration among project stakeholders, we ensure efficient decision-making and optimized project outcomes.

GENERAL CONTRACTOR

Delivering complex projects with precision and reliability

General Contractor

Comprehensive Construction Management

As a General Contractor, CBC manages all construction phases to ensure efficient execution and seamless project delivery.

Health, Safety, Security & Environment

CBC implements a comprehensive HSSE management system to ensure safe, secure, and compliant project execution in line with international standards.

Quality and Schedule Assurance

CBC ensures safe, on-time, and compliant project delivery through strict quality control and structured management.

Integrated Building Systems

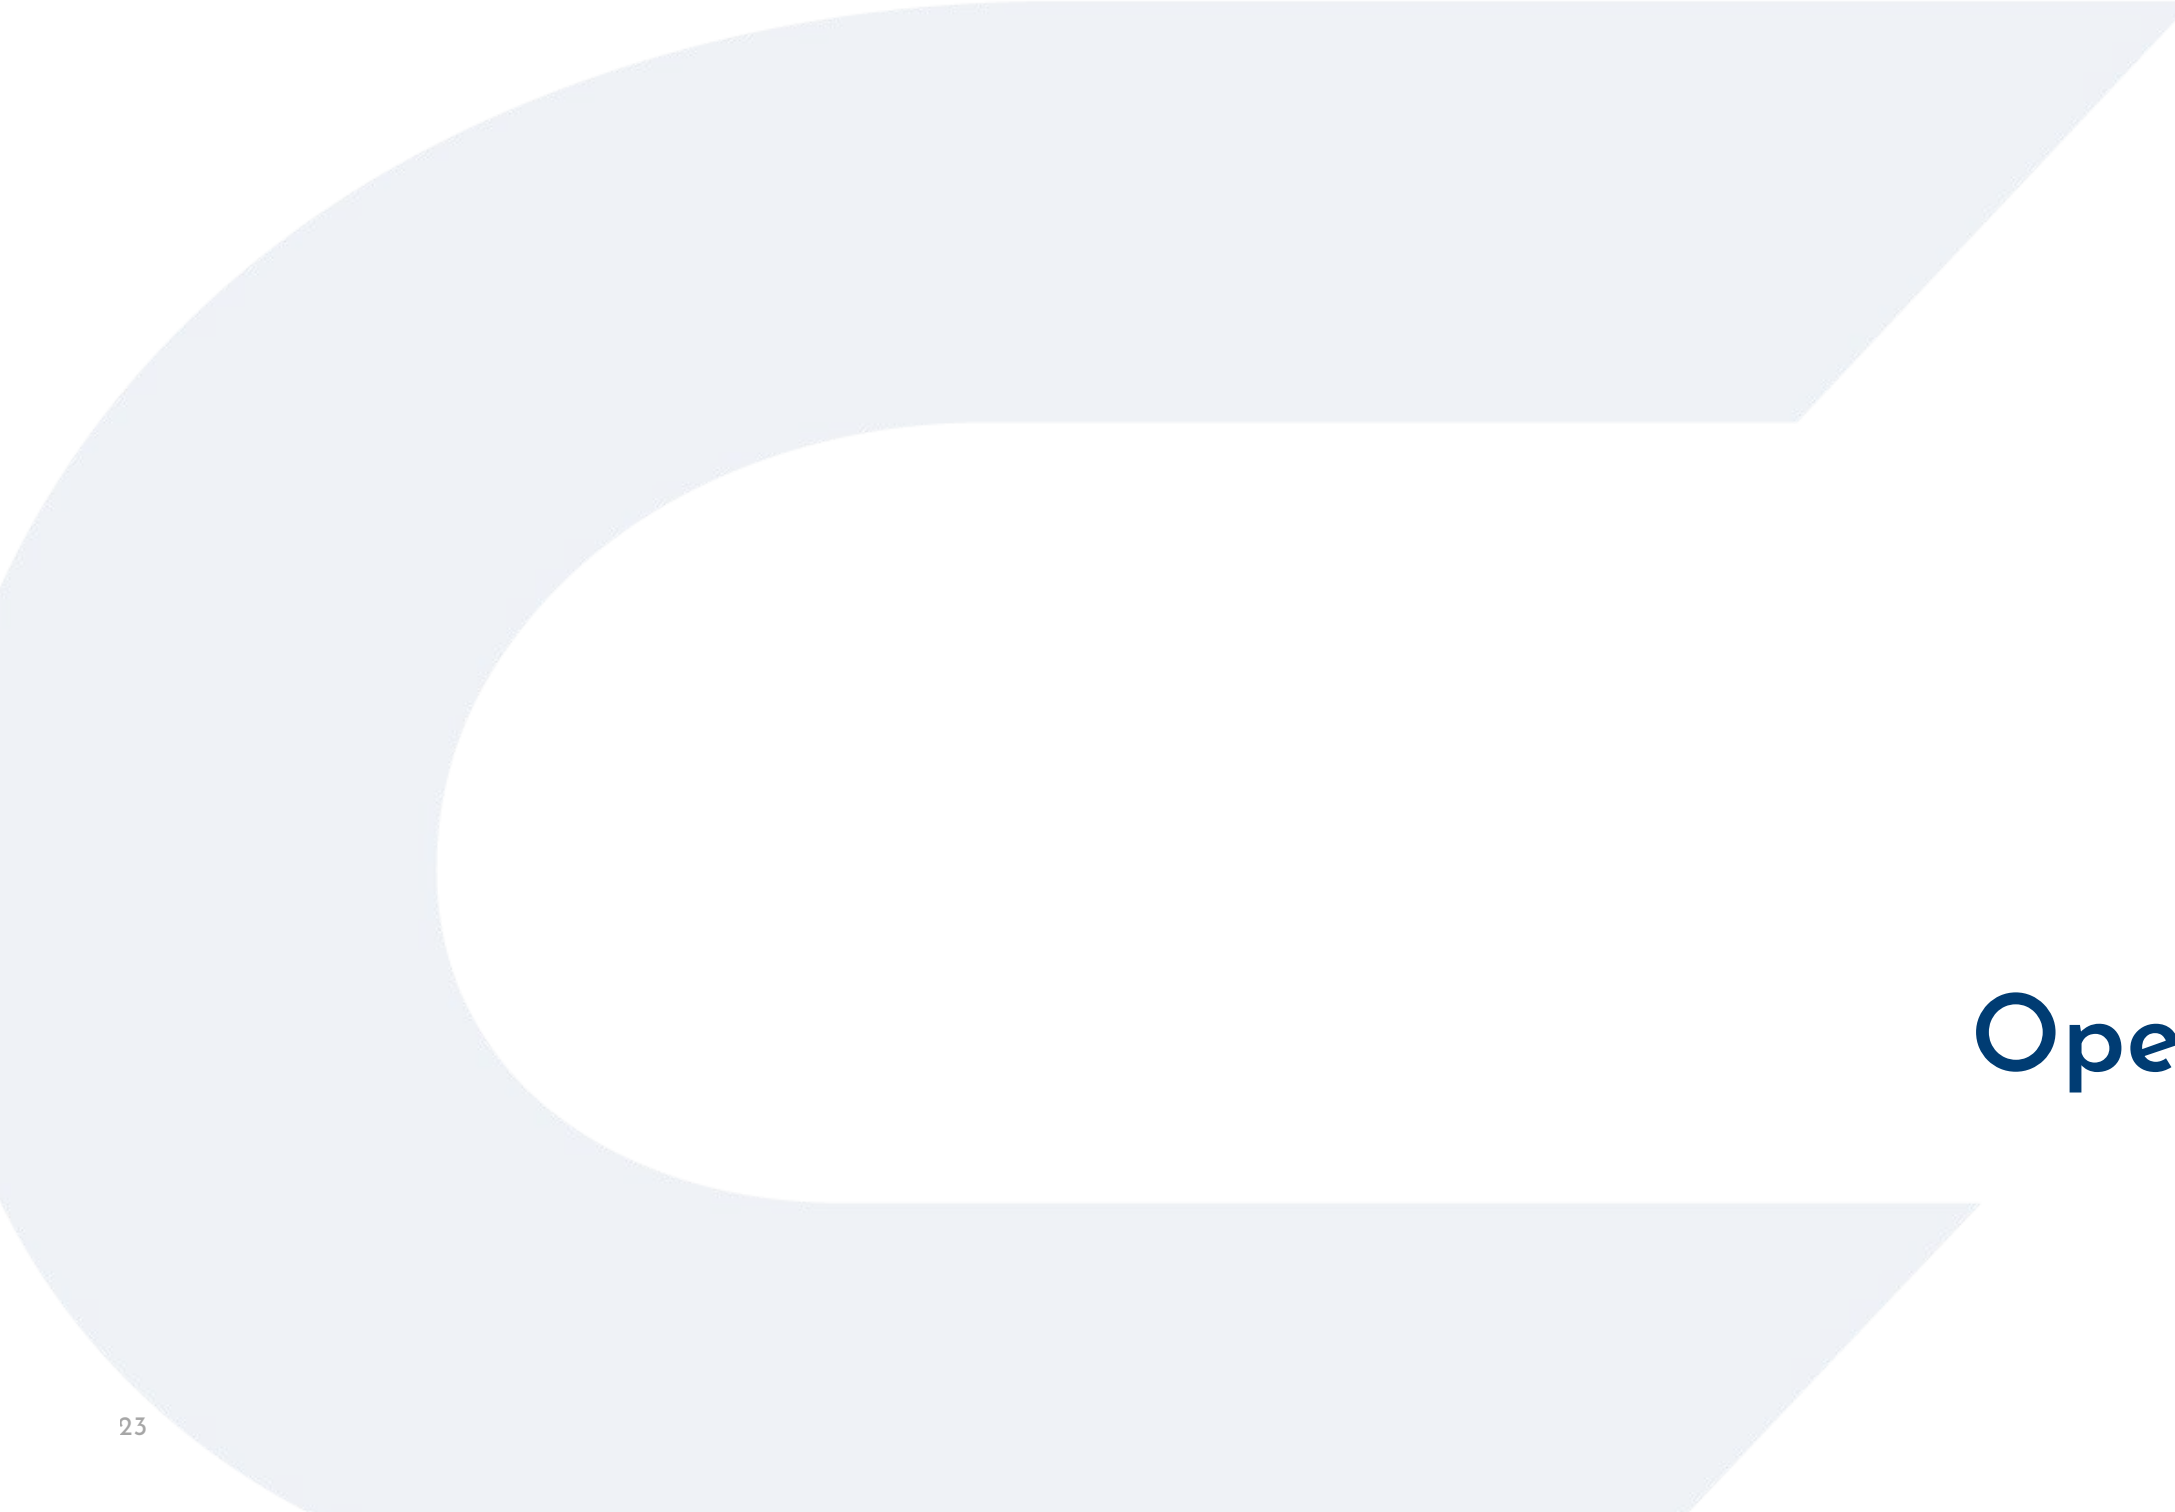

CBC provides specialized Mechanical, Electrical, Plumbing, and Fire Protection (MEPF) construction services that support the performance and functionality of modern facilities.

Technical Expertise and System Reliability

Our experienced engineering teams ensure precise installation, seamless system integration, and compliance with international technical and safety standards to achieve long lasting reliability, efficiency and sustainable building operations.

MEPF CONTRACTOR

Operation Excellence

BIM Implementation
LEED - Aligned Construction
FM Global Standards
Compliance
Safety Management

BIM IMPLEMENTATION

Enhancing project visualization, coordination, and overall construction efficiency.

Improved Project Efficiency

By integrating BIM into project workflows, our teams are able to detect design conflicts early, streamline collaboration among stakeholders, and deliver projects with greater precision, efficiency, and cost control.

Integrated Digital Coordination

CBC leverages Building Information Modeling (BIM) to enhance project visualization, allowing client involvement, improve multidisciplinary coordination, and support more efficient construction planning throughout the project lifecycle.

GREEN BUILDING EXPERTISE

Building responsibly for a sustainable future

Long - Term Environmental Value

Through responsible material selection, efficient resource management, and collaboration with project stakeholders, CBC contributes to the development of high-performance buildings with lasting environmental value.

Sustainable Building Practices

CBC adopts construction practices aligned with internationally recognized green building principles, supporting energy-efficient design and environmentally responsible project delivery.

FM GLOBAL STANDARDS COMPLIANCE

Delivering construction aligned with globally recognized risk engineering standards

Compliance with FM Global Requirements

CBC provides specialized Mechanical, Electrical, Plumbing, and Fire Protection (MEPF) construction services that support the performance and functionality of modern facilities.

Enhancing Asset Protection and Reliability

Through careful coordination of building systems, materials, and installation practices, CBC contributes to facilities designed for improved operational reliability, resilience, and long-term protection of high-value assets.

SAFETY MANAGEMENT

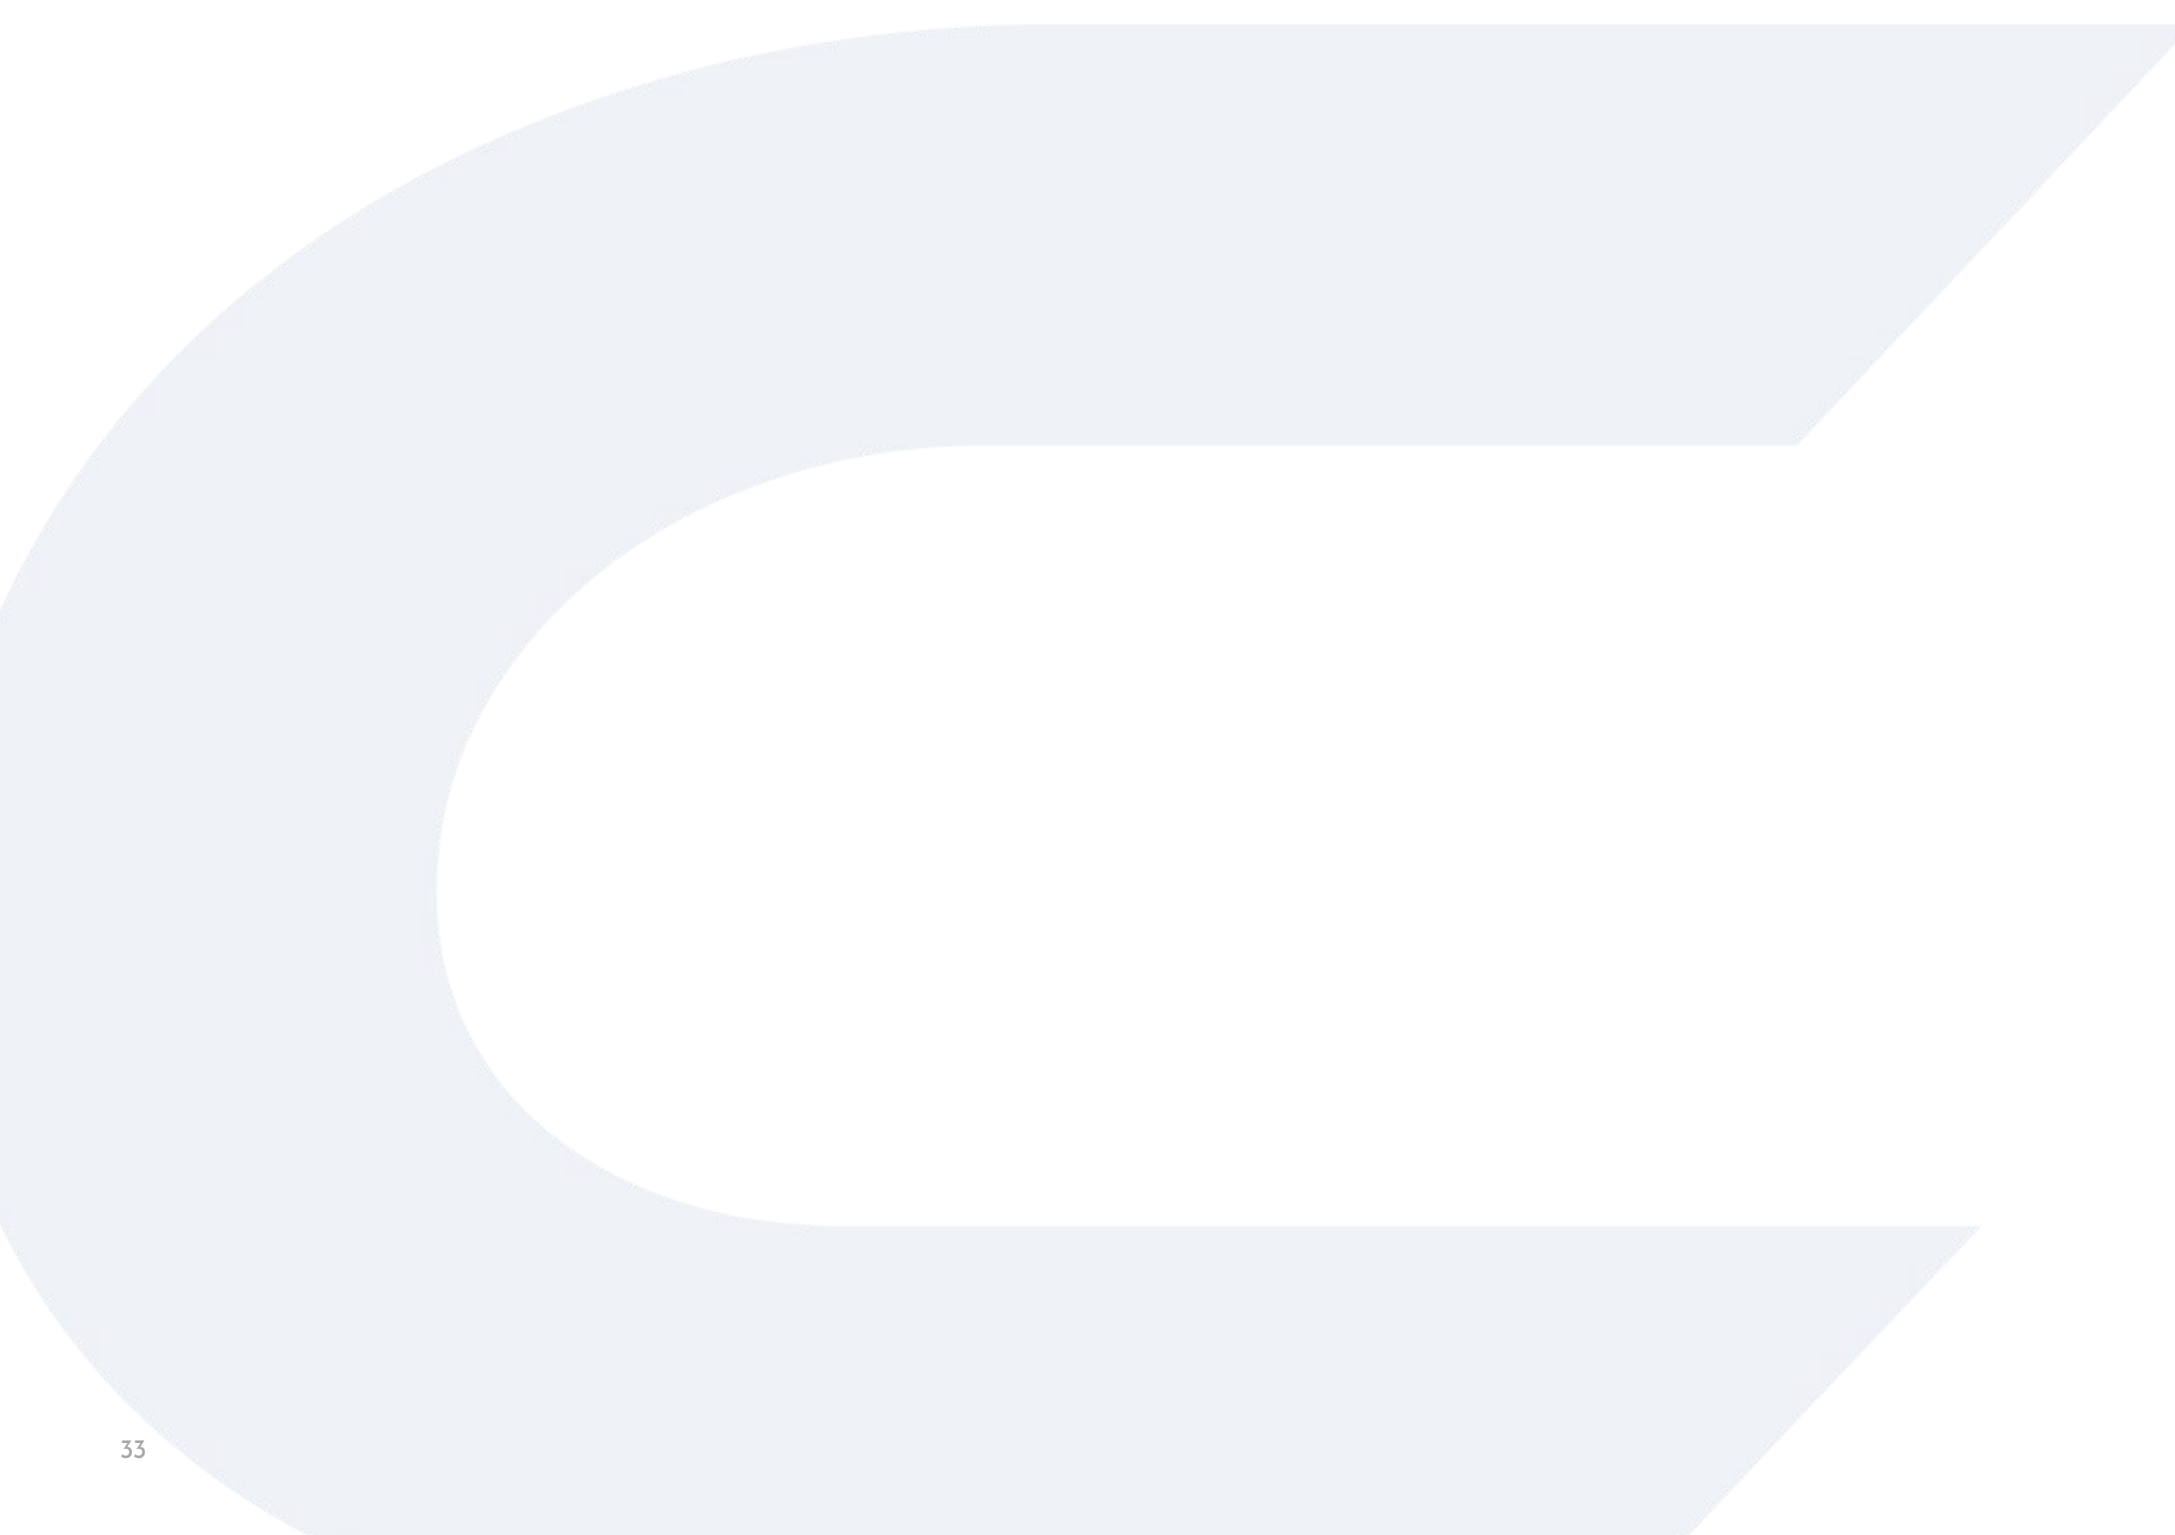

Protecting people, projects, and communities

Comprehensive HSSE Framework

CBC implements a structured Health, Safety, Security and Environment (HSSE) management system that establishes strict safety procedures, risk control measures, and continuous workforce training.

A Strong Safety Culture

Through proactive supervision and ongoing safety awareness, CBC fosters a workplace culture where safety is embedded in every stage of project execution.

Certification & Achievements

ISO 9001:2015

Certifies CBC's quality management system in delivering design and construction services.

ISO 45001:2018

Certifies CBC's occupational health and safety management system for construction activities.

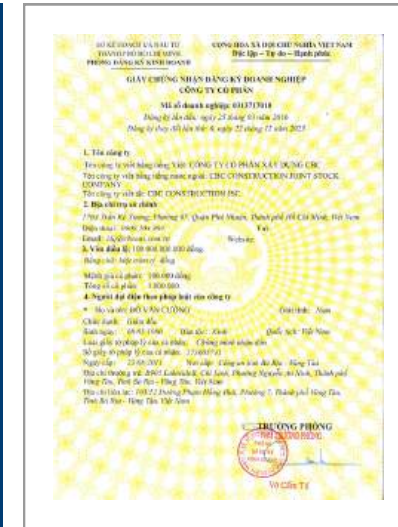

CERTIFICATE OF OPERATION CAPABILITY

Issued by the Ministry of Construction, certifying CBC's qualification to perform construction activities in accordance with national regulations.

BUSINESS REGISTRATION CERTIFICATE

Official recognition of CBC's legal status and registered business operations in Vietnam.

CONSTRUCTION ACTIVITY CAPABILITY CERTIFICATE

Officially certified by the Ho Chi Minh City Department of Construction.

FIRE PROTECTION & FIREFIGHTING SERVICE CERTIFICATE

Officially certified by the Ho Chi Minh City Fire Prevention and Rescue Police Department.

OUR CLIENTS

Our portfolio reflects the trust of regional and multinational corporations and reputable enterprises who choose CBC as their construction partner in Vietnam.

Corporate Social Responsibility

INTERNAL RESPONSIBILITY

First Aid & Emergency Response Training

Equipping employees with essential emergency response skills to ensure workplace safety and preparedness.

Office HSE Training

CBC regularly conducts safety and workplace hygiene training programs to ensure a safe and healthy working environment for office employees.

CBC Common Home Fund

Supporting employees through the "Common Home Fund", helping team members access stable housing and build a stronger sense of belonging.

Tết Homecoming Support

CBC supports employees with transportation programs, helping them return home and reunite with their families during Tet.

Continuous Development

CBC promotes internal training programs focused on new technologies and professional development.

Team Engagement Activities

Strengthening connections, celebrating achievements, and fostering a collaborative workplace culture.

Employee Celebrations

CBC regularly organizes internal activities and celebrations during major holidays and special occasions.

Career Orientation

CBC organizes career orientation programs at universities to introduce students to opportunities in the construction industry.

Campus Engagement

CBC actively participates in university events, seminars, and sharing sessions with students.

Internship Program

CBC offers site-based internships with real project exposure, mentoring interns to build practical, industry-ready skills.

CBC GREEN LEGACY

CBC creates greener workspaces by integrating plants into temporary site offices to improve the working environment.

We also encourage the use of natural energy solutions and "Green Hour" initiatives to encourage environmental awareness.

CBC NEXT BUILDERS

EDUCATION

RESPONSIBILITY

ENVIRONMENTAL

RESPONSIBILITY

COMMUNITY RESPONSIBILITY

CBC LOVE LIBRARY

Supporting children and communities to help build a better future.

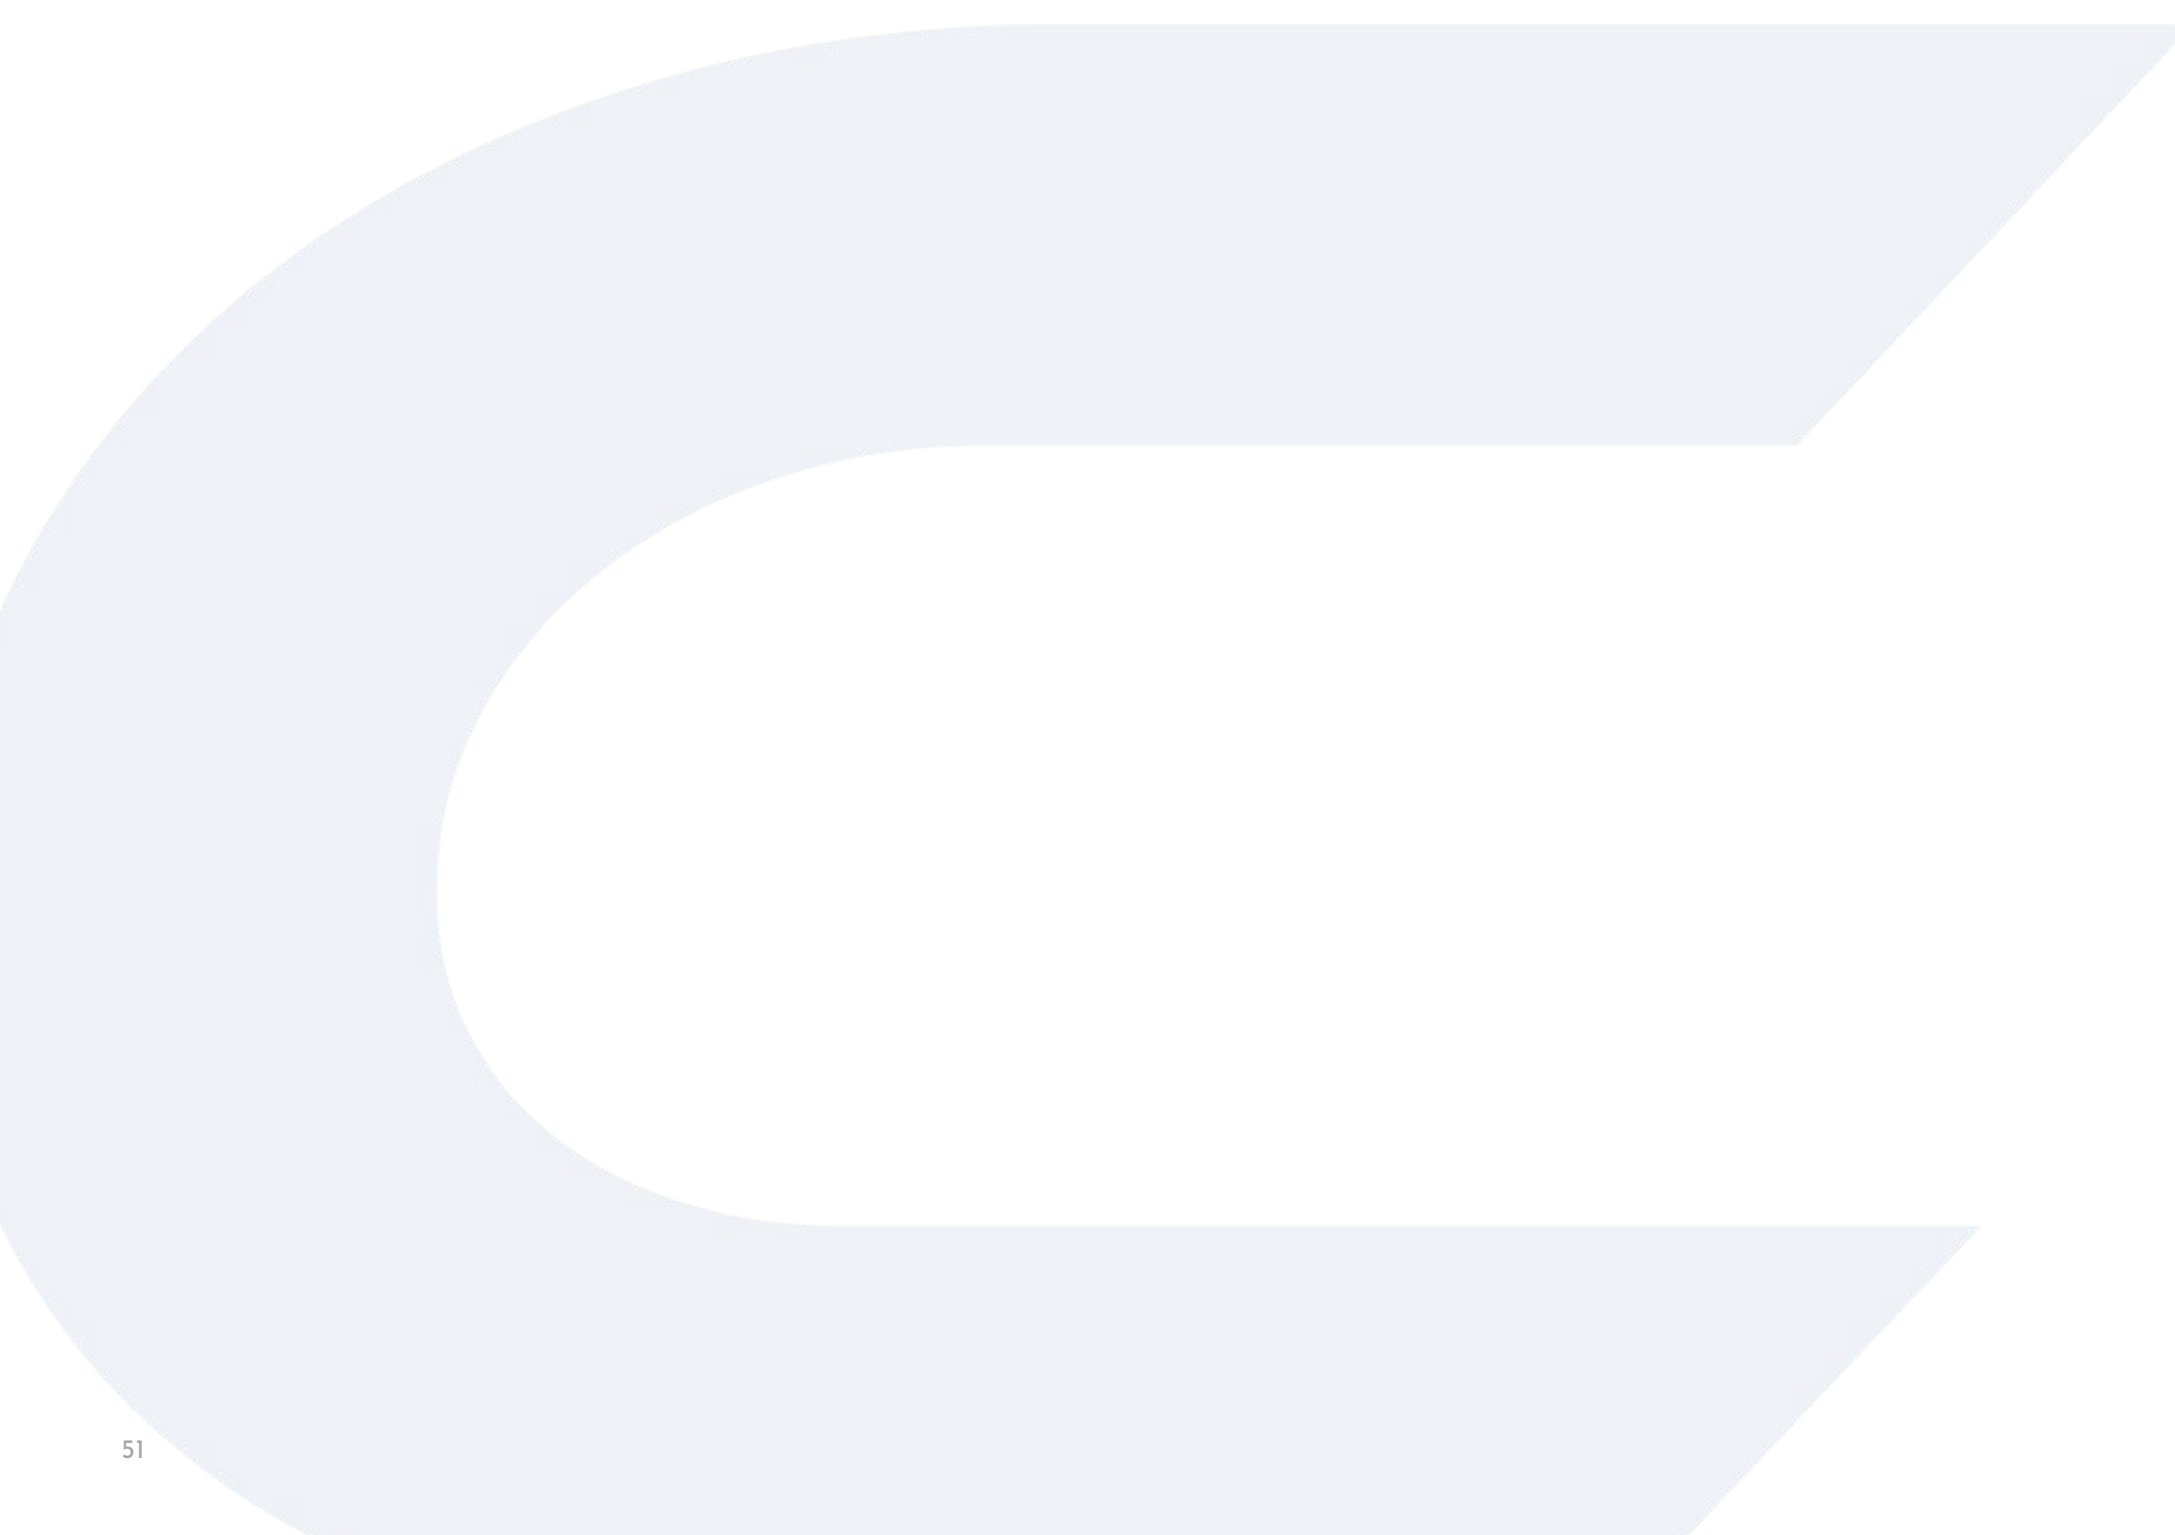

Building a Better Future

CBC LOVE LIBRARY reflects our commitment to uplifting the next generation and strengthening communities. By creating access to better opportunities and supportive environments, CBC contributes to a more inclusive, connected, and sustainable future.

Comprehensive HSSE Framework

CBC implements meaningful initiatives that support children and local communities, creating positive environments where young individuals feel encouraged and inspired. These efforts aim to bring people together, foster a sense of connection, and generate lasting value within the communities we serve.
